

Industrial Solutions

Whether it is for chemicals, agricultural products, motor oil or general purpose, we offer a wide variety of closures specially designed to enhance the functionality, convenience and safety of your product.

Our closures are carefully engineered with various technical features to suit diverse applications including trigger sprays, taps, spouts, shakers and easy to use fliptop squeeze caps.

To safeguard the contents of your product, try our award-winning child resistant closure with ISO approval.

Our expert team can advise on suitable sealing options depending on application including ring seals, wadding and induction heat seals.

Choose from our generic range or let our design experts create something unique for your brand.

Key Benefits:

- Tamper evident
- Child resistant protection
- Secure re-closure
- Easy to recycle
- International award-winning design

Decoration to stand out:

- A Embossing
- B Screen Printing (1 colour)

Colours:

- Available in a wide variety of colours

We also offer:

- Customised designs
- Relevant testing services
- UN Approved Packs
- Specialist closures including chemical resistant sealing rings, induction heat seals, osmosis vents, trigger spray and tap caps.
