

Fresh Milk Solutions

Whether it is for full cream, low fat or fat free milk; or lactose-free options such as goat or soya milk, we understand that freshness is important to your consumers. Our milk solutions are robust and cost effective with light blocking properties for guaranteed freshness.

Our bottles re-close securely to prevent odour tainting or leaking in the fridge. The tamper evident band is your quality assurance. As milk is such a versatile ingredient, our packaging covers small and large size packs.

The **DairyCan** range is ergonomically designed with a comfortable handle for easy pouring and carrying, and fits snugly in the fridge.

The **DairySquare** range provides optimal packing efficiency due to the shape.

The **DairyRound** range offers tantalising decoration with realistic graphics on shrink sleeve as an option.

Filling Machines:

- Our expert team provides on-site technical support and offers filling equipment on a rental basis

Decoration:

- Stretch Sleeve
- Shrink Sleeve
- Self-Adhesive Label
